17. **SB2527** **CRIMINAL LAW: Use of justifiable force in civil action cases.** Protects defendants using or threatening to use force against any civil actions based on use of justifiable force unless the plaintiff is a law enforcement officer. Requires criminal investigations halt any civil actions against the defendant until the investigation concludes. Requires immunity hearings for civil actions made against a defendant be expedited and requires the court issue a decision withing 40 days of the hearing. Broadly captioned.

**Amendment Summary:** House amendment 1 (015520) retains present law exceptions to immunity from civil liability for persons whose justifiable use of force causes harm to a law enforcement officer or the property or person of an innocent third party. This amendment makes several clarifying changes to reflect that this bill establishes a procedure by which a defendant may seek to establish immunity from civil liability, rather than immunity from a civil action being brought against the defendant, in instances where a lawsuit is filed against the defendant based on the same facts or set of events that resulted in the defendants justified use or threatened use of force. House amendment 2 (018011) changes effective date to October 1, 2020.

**Comment:** This bill is to correct another serious problem with the 2019 "concealed only" permit where the bill sponsors in 2019 (and those who rushed to support it) completely omitted to include renewal language. The "concealed only" permit should be repealed. If anything, reduce the costs and training requirements of the "enhanced permits" or, better yet, pass constitutional carry in Tennessee!
