Creates an action known as a petition for a temporary mental health order of protection ("petition"). Authorizes a petition to be filed by a law enforcement officer or law enforcement agency (the "petitioner"). Requires that the petition be filed in the county where the petitioner's law enforcement office is located or the county where the respondent resides. Additionally, a petition does not require either party to be represented by an attorney. This bill also clarifies that attorney fees must not be awarded in any proceeding concerning a petition. Specifies other requirements for petition.

8. **SB7039** **INSURANCE HEALTH: Enacts the "Mental Health Parity Act."** Requires every state healthcare entity to provide coverage for the treatment of mental health or substance use disorders in accordance with the federal Mental Health Parity and Addiction Equity Act of 2008, which must be at least as extensive and provide at least the same degree of coverage as that provided by the entity for the treatment of other types of physical illnesses. As used in this bill, "state healthcare entity" means an entity that provides or arranges health care on a prepaid, capitated, or fee for service basis to enrollees or recipients of the state health plan, the TennCare program, or CoverKids program, including any insurer, managed care organization, administrative services organization, utilization management organization, or other entity. Requires the coverage described above to also cover the spouse and the dependents of the insured if the insured's spouse and dependents are covered under the benefit plan, policy, or contract. Additionally, the coverage must not contain any exclusions, reductions, or other limitations as to coverages, deductibles, or coinsurance provisions which apply to the treatment of mental health or substance use disorders unless such provisions apply generally to other similar benefits provided or paid for under the state health plan. Requires every state healthcare entity to do the following: (1) Provide such coverage for children, adolescents, and adults; (2) Apply the definitions of generally accepted standards of mental health or substance use disorder care, medically necessary, and mental health or substance use disorder in making any medical necessity, prior authorization, or utilization review determinations under such coverage; (3) Ensure that any subcontractor or affiliate responsible for management of mental health and substance use disorder care on behalf of the state healthcare entity complies with this bill; (4) Process hospital claims for emergency healthcare services for mental health or substance use disorders in accordance with this section regardless of whether a member is treated in an emergency department; and (5) No later than January 1, 2024, and annually thereafter, submit a report to the commissioner of commerce and insurance that contains the comparative analysis and other information required of insurers under the federal Mental Health Parity and Addiction Equity Act of 2008 and which delineates the comparative analysis and written processes and strategies used to apply benefits for children, adolescents, and adults. No later than January 1, 2025, and annually thereafter, this bill requires the commissioner to publish on the department's website in a prominent location the reports submitted to the commissioner. Authorizes the department of commerce and insurance to promulgate rules to effectuate this bill. Applies to policies entered into, amended, or renewed on or after October 1, 2023. Broadly captioned.

Removes the stipulation that the professional must believe the service recipient is likely to carry out the threat. Retains the requirement for the professional or analyst to take reasonable care to warn of or take precautions to protect the identified victim or group of people and adds the stipulation that the professional or analyst must report the threat to the department of mental health and substance abuse or the local law enforcement agency with appropriate jurisdiction. Relieves from civil or criminal liability or professional disciplinary action a professional or analyst who makes a reasonable attempt to act in accordance with this section. Provides that the legislation takes effect upon becoming law and applies to acts occurring on or after that date.
